

Martin van Hagen

Address: Erasmus Medical Center

Country: The Netherlands

Prof. P.M. van Hagen is an internist-immunologist at the Department of Internal Medicine, head of section Clinical Immunology at the Erasmus MC in Rotterdam and board member of the Eye Hospital Rotterdam. Special areas of research are immuno-endocrinology, immunodeficiency diseases, immuno-mediating therapies, and clinical and basic aspects of non-infectious eye diseases. His current academic responsibilities include running an annual course on immunology for dermatologists and rheumatologists and supervision of pre-doctoral research students. Prof. van Hagen has organized many (inter)national symposia and workshops and has presented many international lectures. He has authored or co-authored 125 articles published in international journals, and many more published at the national level as well as book chapters.
